Test O: Assertion 10 – Digital and Data

During the year the requirements of the Council's Annual Governance Statement Assertions and of the Annual Internal Audit Report were expanded to include assurances and testing around Digital and Data. As a result, I have carried out new testing in this area. I found that whilst the Council is compliant in relation to some requirements, it had not carried out the following actions:

- The Clerk confirmed that website accessibility had been tested but there was no statement on the website;
- The authority has not carried out a full data audit of all data held;
- The authority has not adopted a data protection policy;
- The authority is did adopt an IT policy but not until 16/12/25; and
- The ICO publication scheme is not published on the Council's website.

As a result, I have responded 'no' for this test.
